Hi Sonnie,

In our August 31 letter to Bob Bond we indicated that EPA was not proceeding with any further evaluation of your AE package, beyond a few comments contained in that letter, based on CRC's coordination with the State on the larger issues with the Tulare Formation in the field. The letter went out while I was on vacation, if you did not see it, let me know. I am not aware of any updates on CRC's progress with the State.

Regards, Michele

Hi Michele,

Are there any progress update on the Aquifer Exemption application?

Thanks,
